

Photography

Truth is, my best work is posted at [DeviantArt.com](https://www.deviantart.com/peggyrowe). I'll post some of it here with a couple cautions: This work is mine, and I own it and the copyright. I have high resolution copies for sale. Please do not 'borrow' or otherwise take the photos without first getting my permission first. I am a generous person, and there is a good chance, I'll let you have it! But, if there is a commercial venture out there that wants to use my art, I do want my fee. Thanks for understanding, Peg Links to my online photo galleries: [Postcards from Washington One](#) [Medford Morning](#) [caption id="attachment_292" align="aligncenter" width="640" caption="Bird nest on the South Umpqua River @ Lawsons Bar, Douglas County, OR (Exit 102 off of
